3. Once you have created an application, you will need to verify your email address. If you do not receive the link in your email inbox within a few minutes, click the green “Send verification link” button at the top of the page.

4. Once you have confirmed your email address, you will need to refresh the page or log back in and click on the “View programs” button.
5. You can now begin working on the application for the Broadcom MASTERS 2022 by clicking “More.”

6. To begin working on your application, click “Apply” and name your application (lastname.firstname.zipcode).
7. Once your application has been created, you will need to confirm your Fair Password that was given to you by your Fair Director in your nominee packet. If you cannot find your Fair Password, email us at masters@societyforscience.org with your name, the name of the fair that nominated you, and your city/state.

8. Enter your Fair Password and then click the green button to Mark as Complete. You can now move on and complete the rest of the application.
9. Each time you return to your application you will login and be taken to the following page. Click “Continue” to keep working.
